

Completed Items:

- Open Order Report Issues due to report running before required end of day processes.
 - A dependency will be placed on the report for those processes to finish so this scenario does not occur in the future.

In Progress:

- 211238 – Reports: Cognos Cube based on Penny Competitor Analysis/NBBO by Exchange Reports
 - Need to decide on sources and calculation of data across 2 reports and Cube.
- 249637 – Reports: Update Dashboard Implied Orders Website Report Name, leverage new liquidity codes, and add Firm & CMTA Filters [Min]
 - Tommy/Min to work out discrepancies
- 223686 – Reports: Volume from Implied Matches for all Symbols, by Executing Broker and/or CMTA in Dashboard [Min]
 - Tommy/Min to work out discrepancies
- Re-run of Data for Member Fill Rate Report in Progress [ASG]
 - Targeting 1/27 to complete
- UAT for Cognos 10.1 Cubes
 - Genware has updated the member dimension
- Update to PFOF Report Member Report Guide
