

This document provides key information about the PrecISE Trade™ interface for Optimise.

Key PrecISE Documents

These are the key documents and files members need to understand how to use the PrecISE interface.

Members Area Site > Documents > Filters		
Document/File Name	Area*	Category*
PrecISE Installation & Technical Guide	PrecISE	Guides
PrecISE Trade Standalone	PrecISE	Software/Test Files
PrecISE Trade Downloader	PrecISE	Software/Test Files
ISE Individual Member Reports Guides	Reports	Guides
Summary of Changes to Member Reports	Reports	Guides
ISE Member Reports Guide	Reports	Guides

*The **Area** and **Category** columns refer to Area and Category drop-down list filters – on the Documents page of the Members Area site – that can be used to find these documents. Only one filter is required to find a document.

Where to Begin Reading about PrecISE

The *PrecISE Installation & Technical Guide* describes the technical requirements needed to install PrecISE, as well as data center connection details and the installation process.

PrecISE Trade Standalone and *PrecISE Trade Downloader* are complete PrecISE software executables. While ISE strongly recommends members use the *Downloader* version, because it includes the Smart Updater feature to ensure hassle-free software updates, the *Standalone* version is provided for members who need that option.

The *ISE Members Reports Guide* provides information about how to access the reports FTP server and information about each individual report. The *ISE Individual Member Reports Guides* is a zip file that has a sample report and user guide for each report. The *Summary of Changes to Member Reports* is an Excel file that documents report structures in detail.

How to Use the Members Area Site to Find Documents

To find documents on the Members Area site:

1. Login at <https://members.ise.com>.
2. Click the Documents tab in the top right navigation links. The Documents page will appear.
3. Select at least one filter from the row of drop-down lists above the grid that displays documents:
Area filters documents by software interface or subject area (e.g. FIX or Reports)
Release filters documents by a specific version of Optimise (e.g. 1.0)
Category filters documents by type of document (e.g. Guides or Release Bulletins)
4. Click the Filter button to the right of the drop-down lists. The filtered list of documents will appear.

NOTE: More than one filter can be used to refine your results. However, using more than one filter may result in no documents listed.

How to Get Started with PrecISE

Step	Action
1	Read PrecISE related documents from Members Area site
2	Establish connection to the simulation environment of Optimise (MT1/MT2) via new Equinix data center (direct connects only).
3	Download latest PrecISE software version. Members who use Smart Updater will be updated automatically.
4	Contact ISE for Production setup of users (only if new member)
