1.	7/2: Dan Gomez from 'rwbaird' got kicked out of PrecISE 3x today and upon re-login he could not see a live order to buy 100 SPPI4AUG9.0C at $.55. Around 12:22pm he logged out/in and could see the order again.	User's log showed an issue establishing a connection to our host ASG, Dev, and Networks to look further into this.	OPEN	
2.	7/10: ICTI user entered inactive order that is visible on her Desk Order view. User lguemeryl, on the same desk, does not see the order in his Desk order window although other users do see the inactive order	The screenshot from user shows that the time in the order status window is not sorted.
